

SUNDAL IMPEX

BIOPSY PUNCHES AND RONGEURS

Sundal Impex is a manufacturer and supplier of fine surgical instruments. It has especially been designed for the purpose of supplying and providing the medical profession with high quality and state of the art products/ instruments. It is continuously developing new products, upgrading its instruments in all possible ways through technological enhancement and investigating under improved methods.

Sundal Impex welcomes and appreciates queries and inquiries regarding instruments whether shown in our catalog or not. We are convinced that the patterns shown are widely used and accepted. A variant style is also preferable according to demand and feasibility. In such cases, we can supply the instrument on catalog number, sample or a brief description is provided.
